

Mark 11:12-26

Fruitless- A Tree and A Nation

Are you willing to listen to God when He reproves you?

:12-14 This fruitless fig tree provides a metaphor for the _____ of the nation of Israel.

:15-18 Jesus' anger is toward the _____ from the nation Israel.

:19-26 This section is not about how to perform miracles. This section is about how to _____ becoming like a withered and dead fig tree.

Spiritual health and relational health with God are synonymous. Bearing fruit requires connection to the vine and readiness to be pruned by the vinedresser (John 15). If we are unwilling to listen to God when He demands a course correction we are in for a rough patch. In the case of the nation of Israel, He shut them down for good.
